PROFILE

I am a lifelong learner with satisfaction I get from solving and overcoming challenges. I am always looking for ways to improve my skills and qualifications so I can work to the highest standard possible in my role.

PROJECTS

CREDIT SCORE CHECK

link (https://willtech-check-credit.netlify.app/)

- To sign in, user has to enter valid South African ID number.
- The app is designed using dummy data.
- Dummy data used is manipulated using the user's last name

AUTO-SETTERS DEALERSHIP

link (https://auto-setters.netlify.app/)

- Data is fetched from Contentful Headless CMS.
- Customers can select car brand of their choice.
- Customers can filter using car prices or car model.

MEMORY GAME

link (https://boiling-wave-51166.herokuapp.com/)

Find matching image cards. User can click on any "empty" card in those 16 displayed on the screen. When empty card is clicked an image will show, then user has to click another card again, if the first image card the user clicked matches with the second image card the user scores one point and both image cards will be displayed on screen.
